Notes:

“Ask not what your country can do for you — ask what you can do for your country.”
– *John F. Kennedy*

How to beat heat exhaustion in children:

- Bring your child to a cooler place indoors, an air-conditioned car, or shady area.
- Remove your child's excess clothing.
- Encourage your child to drink water or cool fluids containing salt and sugar, such as sports drinks.
- Put a cool, wet cloth or cool water on your child's skin.
- Call your doctor for advice.

Infant Room

After School (Bumblebees)

Week 1

Week 1 we will be making homemade slime. For Bible time I'm going to let the children watch a clip of The Chosen once I share a bible story with them.

Week 1 is also science week. During this week the children will be working on a volcano. Making it together as a class.

The children will also be making bracelets.

Week 2

Week 2 is field day week. Which means that every time the children go outside there will be a relay of different activities. We will have a basketball competition, a hula hoop competition, a chalk drawing competition etc.

In the classroom the children will be learning about different monuments around the world! They will learn about the Eiffel Tower and more.

During this week the children will also be making a cake and another day the children will be making s'mores.

Week 3

Week 3 is math week. I will have math related games and activities. I'm going to spice things up and making math fun for the kids. One of the activities the children will do is math bingo!

The children will also be making homemade ice cream.

Week 4

Is a fun week.

Everyday the kids will have an activity to do and the last day of the week we will have water day (with permission) some of the games I have planned for the kids are, field hockey competition, face painting (with permission), nails day for the girls, a dance off -tik tok version, make oobleck and tie die shirts.
